

July 23, 2010

Hello St. Francis of Assisi Parents,

I wanted to share the latest update with all of you regarding the 2010-11 school year. While I was on vacation this past week, Father Anthony met with diocesan building experts, as well as the seismic engineer whose firm who wrote the report regarding the school building and gym. There was much discussion and clarification of the report, which led to the possibility of us staying in the school without the use of the gym. This discussion, however, resulted in an agreement that we need to get two other opinions before we make such a decision. So, to alleviate any misinformation that you may be hearing, the following are facts about the 2010-11 school year:

1. We will have school at the 13<sup>th</sup> Avenue campus and it will be a wonderful year!
2. Packing parties will begin on Tuesday, July 27<sup>th</sup> from 9am-7pm, Wed-Fri from 9am-4pm

Many of you have so generously offered to help in any way, so I will keep you posted regarding any other help (keep checking the website, also for updated info and times).

Thank you from the bottom of my heart for continuing to have faith in our ability to help raise and educate your children. I truly look forward to this year more than any other!

In the Peace of St. Francis of Assisi,

Mrs. Laurie Power  
Principal
