

## Mass Families

Every month on the Wednesday prior to Mass, 8th grade conduct mass families. Each Mass family is a mix of students from every grade. 8th grade look at the subject that the Mass is based upon and come up with an activity that helps to explain that topic.

The photo to the right was an activity in support of student appreciation. Every teacher wrote a word on a strip of paper that represented each of their students. Students received their strips and decorated them. All of the strips were connected together to make one big Mass family. The chain stretches from the top floor to the bottom floor four times.
